Thanks, Nikia. That's what I was assuming, that some discussion of Katie and Suzanne's work was happening. I was curious about their take but I'll wait until we reconvene to discuss.

Hi David,

The last email I received from Roz is attached and you are copied. So I don't think anyone is purposely excluding you. There are some things going around about the meconium data that Karen Sullivan sent me though, but it's not directly with the Working Group yet.

Hi Nikia,  
I'm not sure who to ask, but I trust you, so... I have a suspicion I am being left off of group emails again, can you confirm? Do we have any protocols established for communication within the group yet?

Thanks,  
David
